Project Development Phase
Performance Testing

Date	November 2022
Team ID	PNT2022TMID27582
Project Name	Project - Global Sales Data Analytics
Maximum Marks	4 Marks

Performance Testing - Inference

S. No	Parameter	Value
1	Dashboard design	Number of Charts - 14
2	Data Responsiveness	Mobile, Desktop,Tablet
3	Data to be rendered	Load dataset in python Data cleaning using Cognos Analytics and Exploration
4	Effective User Story	Deployment: Cognos doesn't support anonymous access for public viewing.
5	Calculation Efficiency	Data is free from discrepancies, no empty columns are present, so forecasts can be reliable.
6	Utilization of Data Filters	Country wise filters. Regin wise filters.
